

Our office is like no other dental office. This will be the most important dental visit you will ever have. We believe that helping you determine your present and future dental needs is the most important service we offer. Here are some topics we will be discussing. Although these are issues you probably never thought of in detail, please answer the following to your best ability..... Thank you!

✕ What is the main purpose of your first visit and what would you like to get accomplished?

✕ Briefly mention any positive or negative aspects of your previous dental visits:

✕ What do you already know about our dental office and what are your expectations?

Treatment Recommendations or Treatment Options

Instead of making recommendations to you based on how we would like to see you choose, we would prefer to offer you treatment options, based on how you would like to take care of you dental health.

The following questions help us determine what is important to you... please rate on the following scale from 10 to 1.

1. How (dental) healthy would you like to be?

<----->
10 (healthiest) 1 (not a concern at this time)

2. Almost all dental problems are predictable and preventable... in order to not overwhelm you with excess details, how preventative (or proactive) would you like to be regarding dental disease?

<----->
10 (take care of it early) 1 (wait till it hurts)

3. How important are dental cosmetics to you?

<----->
10 (very important) 1 (not important)

4. Because the teeth and bite support the face and its overall appearance, there is an intimate relationship between tooth size, shape and position with lip and face support, wrinkles, and visual age appearance.

How important is facial cosmetics to you?

<----->
10 (very important) 1 (not important)

Is there any additional information you would like us to know?
